Phil and Jennifer,

Attached are the draft slides for the State Air Director meeting next week. I'm still waiting for Chris to add a bullet about the most significant air issue in each project. In the meantime, could you guys review and give me any comments? You'll see that we highlight Ft. Berthold which isn't all the way through the NEPA process. In light of that, I'm interested in your feedback on how much info we should be sharing at this point.

Thanks,
Scott
